Dear Ms. Geurin-Burns,

I want to express my appreciation for supporting Leading Legacies. My daughter Stella has attended Leading Legacies for the last two years, since kindergarten. Stella is reading above grade level, which I attribute to her participation in the program. In addition, Stella has developed a love for reading. She reads of her own volition – all the time. She’s learning that picking up a book can deliver her into a new world or tell her about important events in history. She loves the Magic Tree House series, especially. I think Leading Legacies’ focus on making reading fun for the kids has contributed so much to Stella’s attitude about reading. Thank you so much for your support.

Thank You,

A handwritten signature in black ink, appearing to read 'Camille', followed by a long horizontal line extending to the right.
